

Timetable Master Computer Science, Major in Machine Intelligence, HS18

	Monday		Tuesday	Wednesday		Thursday	Friday
08-09h				15731 L: Multimedia Retrieval (Alte Uni R -201)			
09-10h							
10-11h			45402 E: Foundations of Distributed Systems (U1.001)				45402 L: Foundations of Distributed Systems (00.003)
11-12h							
12-13h							
13-14h			45401 E: Bioinformatics Algorithms (U1.001)				
14-15h	45400 L: Planning and Optimization (00.003)	28420 L: Principles of Medical Imaging		45400 L: Planning and Optimization (00.003)	26937 L: Data processing and control	45401 L: Bioinformatic Algorithms (Kolleg.haus HS119)	17163 S: Scientific Writing (00.003)
15-16h							
16-17h				45400 E: Planning and Optimization (00.003)			
17-18h							
18-19h							
19-20h							

	Concepts of Machine Intelligence
	Methods of Machine Intelligence
	Applications of Machine Intelligence

13.07.2018
