

# Timetable Master Computer Science, Major in Machine Intelligence, Fall21

	Monday	Tuesday	Wednesday		Thursday	Friday
08-09h						
09-10h						
10-11h	28420 L: Principles of Medical Imaging	45402 E: Foundations of Distributed Systems (online)	17163 S: Scientific Writing (online)		45402 L: Foundations of Distributed Systems (presence/online)	45402 L: Foundations of Distributed Systems (presence/online)
11-12h						
12-13h						
13-14h		45401 E: Bioinformatics Algorithms (online)				
14-15h			45400 L: Planning and Optimization (online)	26937 L: Data processing and control	45401 L: Bioinformatic Algorithms (online)	
15-16h	45400 E: Planning and Optimization (online)					15731 L: Multimedia Retrieval (online)
16-17h						
17-18h						
18-19h						
19-20h						

Planning Status: 07.07.2021

Concepts of Machine Intelligence  
Methods of Machine Intelligence  
Applications of Machine Intelligence
